

2 Channel Full HD Front & Rear Dash Camera with GPS & Wi-Fi

Ford Part #: VP1WZ19A394B

*Always monitoring your vehicle, capturing video of potential accidents, thefts & incidents.**

Capturing Full HD 1080P footage from both in front and behind your vehicle, this dash camera also features GPS that embeds both your speed and location data into the video file.

A 140° wide angle lens ensures all images on the road are captured within the frame and Wi-Fi connectivity enables easy playback and transfer of footage to your smartphone.

This accessory is a Ford Licensed Accessory by Directed Technologies and is covered by Ford Warranty. For further information, please visit <https://www.ford.com.au/>

Full High Definition

Record two channels of driving footage and incidents in fine detail 1080P FHD video.

In-built GPS

Accurately record the speed, location and time details of your journey.

In-built Wi-Fi

Connect to the free DTF-LINK app using Wi-Fi to view and transfer footage to your smartphone or share on social media.

140° Field Of View

An ultra-wide angle lens brings every detail on the road into one frame.

Front & Rear Camera

Dual channel dash camera simultaneously records footage both in front and behind your vehicle.

24 Hour Park Mode*

Provides continuous time-lapse recording when your vehicle is parked.

*Requires optional FLA: VP1WZ14A411A hardwire kit.

16GB Micro SD Card Included

Capture all your footage with the included 16GB Micro SD card.

G Sensor

Automatically detects when your vehicle experiences an impact and saves the footage so it is not recorded over.
