

# Direct Fit 15W Wireless Smartphone Qi Charger

Ford Part #: VN1WZ19A464AL

Apple®, Samsung™ and other Qi-enabled smartphones and devices.  
**FAST CHARGE**

*Fast and easy wireless in-vehicle charging for Qi enabled smartphones and devices without the need for messy phone cables.*

Stay charged with this 15W Wireless Phone Charger custom designed for Ford Ranger and Everest models. Featuring a non-slip silicone surface, the charger is perfect for a wide variety of smartphone and device sizes.

Simply place your Qi-enabled device in the centre of the charger for safe and convenient wireless charging on the go.

This accessory is a Ford Licensed Accessory by Directed Technologies and is covered by Ford Warranty. For further information, please visit <https://www.ford.com.au/>

#### OEM Fit

Seamlessly integrates into the console and vehicle accessory wiring circuit while retaining access to vehicle controls.

#### LED Status Indicator

Confirms charging and provides an alert if incompatible devices or foreign metallic objects are placed on the charge mat.

#### Universal Application

Works with all Qi-enabled devices.

#### Easy Phone Access

Just place your Qi-compatible mobile device on the charger to start charging.

#### 3 Charging Coils

With a larger charging area, precision placement is not required as long as the phone is placed on the silicone pad.

#### Fast Charge

Optimised charging circuit for fast charging (up to 15W) of Qi-compatible smartphones.

#### Specifications

**Charging Power** 15W

**Input Voltage** 9V to 16V DC

**Charging Efficiency** >70%

**Working Temperature** -40°C to 80°C

#### Ford Vehicle Application

All Ranger (P703) and Everest (U704) models.
