

Pump on the go!

Parkmate's Digital Tyre Inflator is a portable and handy tool to inflate your flat tyres anywhere, anytime. Perfect for ensuring your safety and extending tyre life, the inflator simply plugs into your vehicle's 12V outlet for hassle-free use on the go.

Digital control allows you to set your desired tyre pressure and the inflator will stop automatically when the pressure is achieved.

Ideal for:

Cars/ Bikes/ Trailers/ Caravans/ Sporting Equipment

This accessory is a Ford Licensed Accessory by Directed Technologies and is covered by Ford Warranty. For further information, please visit <https://www.ford.com.au/>

Digital Controls

Easily navigate through the menu settings.

Multi-use Pump

The included 3 nozzle types allow you to inflate multiple objects, not just tyres.

Rubber Feet

Ensures extra stability while the tyre inflator is running.

Soft Carry Case Included

Protect your tyre inflator from damage with the included pouch.

3m Car Power Cable

Allows for enough room to move around your vehicle whilst still being plugged in to the 12V outlet for power.

Designed For Your Car

Smart and compact design for tyre inflation anywhere, anytime on the road.

Efficient Tyre Inflation

Just 5.5 minutes to inflate from 20-30psi with a 225/70/R17 tyre.

Automatic Stop Feature

Once the correct tyre pressure is achieved, the pump will automatically stop air flow.
